REPORT OF SATYA RANJAN COLLEGE FOR IMPLEMENTATION OF TAKING INITIATIVES DOCUMENT

- 1) Turning off lights and fans when not in use in any room of the college when not in use.
- 2) Phasing out the normal bulbs with LED. Try to install solar system to cut down the use of electricity.
- 3) Avoid the use of decorative lighting.
- 4) **Minimizing waste of water:** Satya Ranjan College has to work in the direction of minimizing water wastage. Steps have to be taken to minimize campus water use. Leakages in water pipes have to be checked regularly. Waste water recycling for using them for gardening purposes is being contemplated. Also, the College will take necessary measures to implement waste water management / rain water harvesting.
- 5) **Waste Minimization:** This is an important aspect of any environment friendly initiative. Waste minimization techniques focus on waste from being created. Some of the initiatives are given below:
 - a) Minimizing plastic waste by using biodegradable dustbins prepared by students of the college.
 - b) Prohibiting use of decorative items that generate non-recyclable waste.
 - c) Keeping a stack of paper that is printed on one side for day-to-day rough work.
 - d) Teachers are requested to use more soft copies of reading material for students.
 - e) No use policy of chemical fertilizers and pesticides in college grounds.
 - f) Creating and generating awareness regarding the use of plastic.

Major Green Campus Initiatives:

- 1) Massive tree plantation in the college campus and also outside the campus.
- 2) Making tree plantation a part of almost all events organized in the college.
- 3) Cleanliness Drive inside and outside the college campus

- 4) Reducing the use of electricity.
- 5) Reducing waste generation.
- 6) Reducing e-waste. The College envisages to involve all stakeholders – the faculty, students and staff in 'Green Campus Initiatives' by organizing periodic awareness drives about the initiatives and seeking their co-operation for successful implementation of the programme.
